

EMBASSY SUITES
BELLEVUE, WA

240 Guest Rooms Suites, Executive Pool Indoor, heated Fitness Center & Business Center Restaurant, Bar & Room Services

OVERVIEW

Located in Eastgate Business Park, this all-suite hotel offers spacious rooms and thoughtful amenities, including a convenience store and 10dB glass loss windows. Carriers need the unit-level qualification WaveScape provides to make mmWave FWA operationally feasible. WaveScape used high resolution geodata to show that 67 guest rooms were covered by one gNB via LOS and reflection. Another 60 could be covered using just one Pivot 5G repeater. That's a 90% increase in qualified FWA guest rooms.
